About Us

OUR DIVERSE PORTFOLIO

At Aadyashree Agro, we pride ourselves on our diverse portfolio, ranging from the world of seafood to engineering solutions. With over five decades of excellence, we've become a versatile group, specialising in various industrial verticals. Whether it's processing, exporting high-quality seafood, manufacturing and export of fabrics, dress materials and sarees, providing top-grade Meat, or engaging in electronics import, we've left no stone unturned. Our presence extends to engineering, automobile parts, leather goods, exotic spices, and even the dynamic OTT industry. Explore the width and depth of our capabilities as we continue to serve global markets with unwavering commitment and expertise.

Frozen Seafood

With over five decades of experience in the processing and export of fresh and frozen seafood, Aadyashree Agro has established itself as a leading exporter and supplier of quality seafood from India. We serve our customers across the world from our own factories and our partner factories from across India, Africa, U.A.E & Bahrain. Over the years, we have forged strong and long-standing partnerships with many reliable processors, ensuring quality products at competitive prices. All of the processing units are approved by the European Union, USFDA, Russia, CIS countries, KSFDA, China and are equipped with the latest state-of-the-art infrastructure. The Aadyashree Agro team has implemented a variety of quality assurance systems and holds various certifications like BRC, HACCP, BAP, ASC, FSSAI, ISO 22000 and 9001.

Frozen Meat

We take pride in supplying the best quality HALAL certified Frozen Indian Buffalo meat to our customers around the world. All the products are procured from our partner plants which are built in conformity to stringent regulations to meet the high standards of customer demands on quality and hygiene. The processing plants & the Abattoirs are HACCP compliant and approved by APEDA. The products are processed under expert supervision and incorporate procedures and adherence to established norms to ensure a safe and wholesome product, including Buffalo meat and offals.

Our Services

AA

Agro Commodities

Extensively used as seasoning and masala while preparing various kinds of vegetarian and non-vegetarian dishes, Black Pepper is also ideal to make a variety of ayurvedic medicines. We offer the Best Natural Black Pepper sourced directly from the farmers that is graded according to size, garbled, washed and dried as per the requirements of consumers. These are then Processed in plants which are equipped with the modern machines to Process Bulk Quantities of Black Pepper complying with the highest Quality and International Standards.

AGRO COMMODITIES

"Harvesting Nature's Bounty: Our Range of Agricultural Products"

Cardamom

"Discover Delight in Every Pod: Cardamom, Nature's Perfume"

Cardamom, known as the "queen of spices," boasts a rich history for centuries. Its aromatic seeds, found within the pods of the *Elettaria* and *Amomum* plants, impart a complex flavor profile to both sweet and savory dishes. Renowned for its warm, slightly citrusy notes, cardamom adds depth to desserts, curries, and beverages like chai tea. Whether crushed, ground or used whole, cardamom remains a prized spice cherished for its exquisite aroma and versatile culinary applications. Meticulous care in cultivation coupled with timely, skilled harvesting & intricate processing make Indian Green Cardamom the best the world has to offer. The procured cardamom undergoes a thorough examination and quality inspection to meet the quality specifications of the importing countries

Cinnamon

"Cinnamon: Aromatic Bliss in Every Bite, The Essence of Home"

Cinnamon, derived from the inner bark of trees belonging to the genus *Cinnamomum*, is a popular spice known for its warm, sweet flavor and aromatic scent. It has been prized for millennia for its culinary uses, medicinal properties, and symbolic significance in various cultures. This versatile spice is used in both sweet and savory dishes, adding depth and warmth to everything from desserts to curries. From classic cinnamon rolls to spiced teas and savory dishes like Moroccan tagines, cinnamon remains a beloved and essential ingredient in global cuisine. Rigorous quality control measures ensure that our final product sticks meet the required international standards.

Dry Red Chilli

"Feel the Fire: Dry Red Chillies, igniting Your Taste Buds"

India's most famous and popular household condiment without which no Indian recipe is complete, dry red chillies also have medicinal and homeopathic properties. Dry red chili peppers, known for their fiery heat and vibrant color, are a staple spice in cuisines around the world. They contain capsaicin, the compound responsible for their heat, which also boasts potential health benefits, such as pain relief and boosting metabolism. In culinary applications, dry red chillies are often used whole, crushed, or grounded to add depth and spice to dishes. They are a key ingredient in many spice blends, sauces, marinades, and curry pastes, contributing both heat and flavor. Dry red chillies are also used in traditional medicine for their believed digestive and anti-inflammatory properties. These versatile peppers can be found in various forms, including whole pods, flakes, and powdered form. From Indian curries to Mexican salsas, dry red chillies play a vital role in cuisines worldwide, imparting their unique fiery character to diverse culinary creations. Our Chillies are procured, cleaned to perfection and processed under the guidance of our skilled professionals in compliance with international standards

AGRO COMMODITIES

"Harvesting Nature's Bounty: Our Range of Agricultural Products"

Turmeric

"Embrace the Golden Spice: Nourish, Heal, Thrive
Turmeric, Your Daily Glow of Vibrant Life"

Turmeric has been used for centuries in traditional medicine for its anti-inflammatory and antioxidant properties, in addition to its medicinal uses, turmeric is widely used as a spice particularly in Indian cuisine. Beyond its culinary and medicinal uses, turmeric has also been used as a dye for fabrics due to its intense color. Turmeric has gained attention across the world in modern research for its potential health benefits, including its role in promoting heart health and reducing the risk of certain chronic diseases. It is commonly consumed in various forms, including fresh, dried, and powdered, with the powdered form being the most convenient for culinary purposes. Turmeric is a staple ingredient in curry powders and is often used to flavor rice, stews, soups, and vegetable dishes. With its rich history and versatile uses, turmeric remains a beloved ingredient cherished for both its culinary appeal and potential health benefits. The best varieties are sourced from our partner farms situated in the best geographical locations for optimum farming. The harvest is processed in accordance with international norms which are then subject to a variety of quality inspections to ensure that it meets established quality standards.

TEXTILES

MOTOR VEHICLE COMPONENTS (HMTV & LMV)

"Driving Innovation: Motor Vehicle
Components Engineered for Excellence."

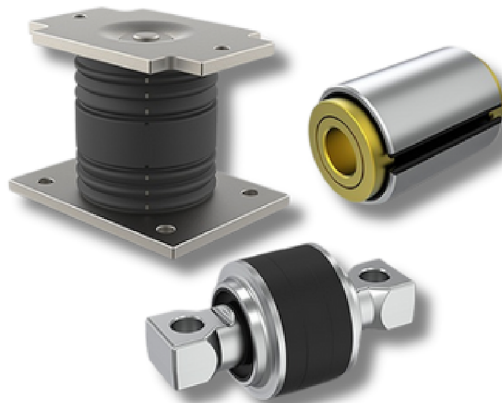

Introduction

Driving Automotive Excellence: Aadyashree Agro stands at the forefront of the export industry, offering a comprehensive range of customized automobile components. Our expertise caters to the unique needs of both Light Motor Vehicles (LMV) and Heavy Motor Vehicles (HMTV). With a relentless pursuit of precision engineering and a commitment to delivering top-tier solutions, we provide essential parts that enhance vehicle performance and safety on a global scale. Our long-standing partnerships with leading automobile manufacturers underscore our reputation as a trusted supplier, driving innovation and excellence in the International automotive industry.

Suspensions

Suspensions are crucial for providing stability on the road. Our offerings include Equalizer Bushings, Shock Absorber Bush, Leaf Spring Bush, Hollow Spring Mounts, Torque Rod Bush and Beam End Bush.

MOTOR VEHICLE COMPONENTS (HMV & LMV)

Axles

Axles form the backbone of the truck, supporting the truck's and trailer's weight and transferring power from the engine to the wheels. Our Axle product portfolio includes Trunnion Bush and Pendulum Axle Bush.

Steering

For superior control and stability, we offer enhanced steering components which allow for precise control and unparalleled performance. The components we offer are King Pin and Control Arm Bushings.

Torque Rods and V Stay Arms

Torque Rods and V-Stay Arms play a vital role in truck or trailer suspensions, serving as essential connection links between the axle and chassis.

MOTOR VEHICLE COMPONENTS (HMV & LMV)

Engine Mounts

Engine Mounts play a critical role in holding the engine and transmission in place, preventing any unwanted movement. They are meticulously designed to absorb shocks and vibrations generated during machinery operation, safeguarding the engine and surrounding components from damage.

Cabin Mounts

For superior control and stability, we offer enhanced steering components which allow for precise control and unparalleled performance. The components we offer are King Pin and Control Arm Bushings.

Driveline

We supply high-quality Center Bearing Rubber that is essential components of the drive train in vehicles, delivering optimal force and torque for superior performance. Our advanced Center Bearing Rubbers are meticulously engineered to provide exceptional performance and durability.

Fifth Wheel

Our advanced Fifth Wheel components are meticulously designed to deliver enhanced articulation control, allowing for seamless movement and manoeuvrability. Our Fifth Wheels components provide the utmost reliability and stability, ensuring a smooth and safe towing experience.

[illegible]

Our media division works with many production houses to create quality content for Television shows and Serials for various OTT platforms and Television Channels like Netflix, Sony, Zee etc to name a few.
